

St Peter's Home Repair Missions

June & July 2022

Support our parish youth on their home repair missions this summer!

Over 30 of your fellow parishioners will be working 7 different home repair projects in the local area & Preston County West Virginia this summer. We invite you to join in the mission by donating to help pay for building materials.

To donate: Take one (or several!) tags from the Giving Tree and send a check in to the office for the amount on the tags. Alternately, you can donate online at St Peter's website or by using the QR code (BE SURE TO NOTE THAT YOUR DONATION IS FOR SUMMER HOME REPAIR PROGRAM.) Please get your contributions to us by **10 July**.

With material costs so high these days, your generosity is appreciated more now than ever.
THANK YOU FOR HELPING US ON OUR MISSION!

One crew will build a 42' long handicap ramp for an elderly parishioner to give her access to her home.

Dan Troxell and his crew will be replacing a severely leaking roof and renovating a bathroom to make it handicap accessible for an elderly couple.

Catherine Gaudlip and her crew will be replacing a badly worn and leaking roof and replacing rotting flooring in 2 bedrooms and hallway for an elderly couple.

One crew will build a badly-needed 8' x' 12' shed for St Peter's youth ministry.

Larry Riggs and his crew will be removing a tree and installing a 48' long ramp for an elderly couple so they can safely enter and exit their home.

Don Pressimone and his crew will be replacing a badly leaking roof and rebuilding a sagging porch that has become dangerous.

One crew will replace leaking roofs on two sheds.
